**Paths to QUALITY™** is Indiana's statewide rating system for early care and education programs.

It is a free resource to help families make informed decisions and to help early care and education providers improve the quality of their programs.

**Mission Statement:** NAEYC promotes high-quality early learning for all children, birth through age 5, by connecting practice, policy, and research. We advance a diverse, dynamic early childhood profession and support all who care for, educate, and work on behalf of young children.

**NAEYC has 10 standards:** Relationship; Curriculum; Teaching; Assessment of Child Progress; Health, Safety; Competencies, Preparation, and Support; Families; Community Relationship; Physical Environment; Leadership and Management.

**NAEYC requires 9 content areas:** Literacy, mathematics, science, technology, creative expression and the arts, health and safety, social studies.

Brightwheel is the first all-in-one software platform for preschool, childcare providers, camps, and afterschool programs.

Brightwheel helps teachers manage their day and communicate with parents, gives parents deeper insight into what their children are learning and automates the process of managing operations for administrators.

## Pride Curriculum

- Pride Curriculum encompasses all nine content areas of NAEYC and the 8 areas of IDOE Early Learning Foundations (Language Arts, Mathematics, Science, Social Studies, Social Emotional, Creative Arts, Approaches to Play and Learning, and Physical Health and Growth)
- Treasure Jones who is an educator is working with our program to update the curriculum to include more Kindergarten Readiness Approaches for our scholars.

---

---

---

---

---

---

---

---

## Student Portfolios

Portfolios are used as assessment tools and gives information to the families about their child and how much they have learned throughout the year.

The portfolio follows the child to each classroom collecting sample work they have done and assessments that have been completed until they leave Pride Academy

These portfolios are used to help the next age group teachers understand what the child knows and what skill the child needs to improve.

The portfolios can help kindergarten teachers place the child in the correct skill level group when the child enters elementary school.

---

---

---

---

---

---

---

---

Assessments

Assessments address the eight areas of the IDOE Foundations.

Assessments are done each month

Assessments are broken down by age groups

---

---

---

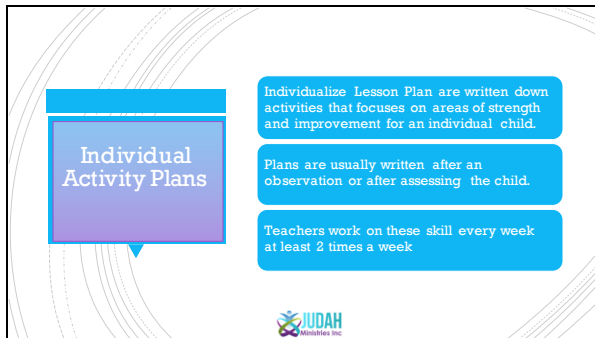

---

---

---

---

---

**Individual Activity Plans**

- Individualize Lesson Plan are written down activities that focuses on areas of strength and improvement for an individual child.
- Plans are usually written after an observation or after assessing the child.
- Teachers work on these skill every week at least 2 times a week

---

---

---

---

---

---

---

---

**Lesson Plans**

- Each week teachers will have the lesson plans posted in their classroom or the parent board.
- Lesson plans will have the content of the week (letter, shape, color, and number).
- Parents can see and participate in the classroom activities. Ask your child's teacher to set up a date and time.
