(03G-715): Show or describe one lesson plan of a skill you taught by breaking it down into meaningful and achievable parts.

**Activity:**

1. Reading a Book about shapes
2. Toy Car Game
3. Mini Me!

**Resources and materials needed:**

Reading Book: (Suggestions)

- Round is a Mooncake by Roseanne Thong

Toy Car Game

- 20 toy cars
- Marker
- Cardboard
- Labels

Mini Me

- Template of a person
- Crayons
- Scissors
- Construction paper
- Glue
- Gallon size Ziploc bag
- Washable paint

**Procedures:**

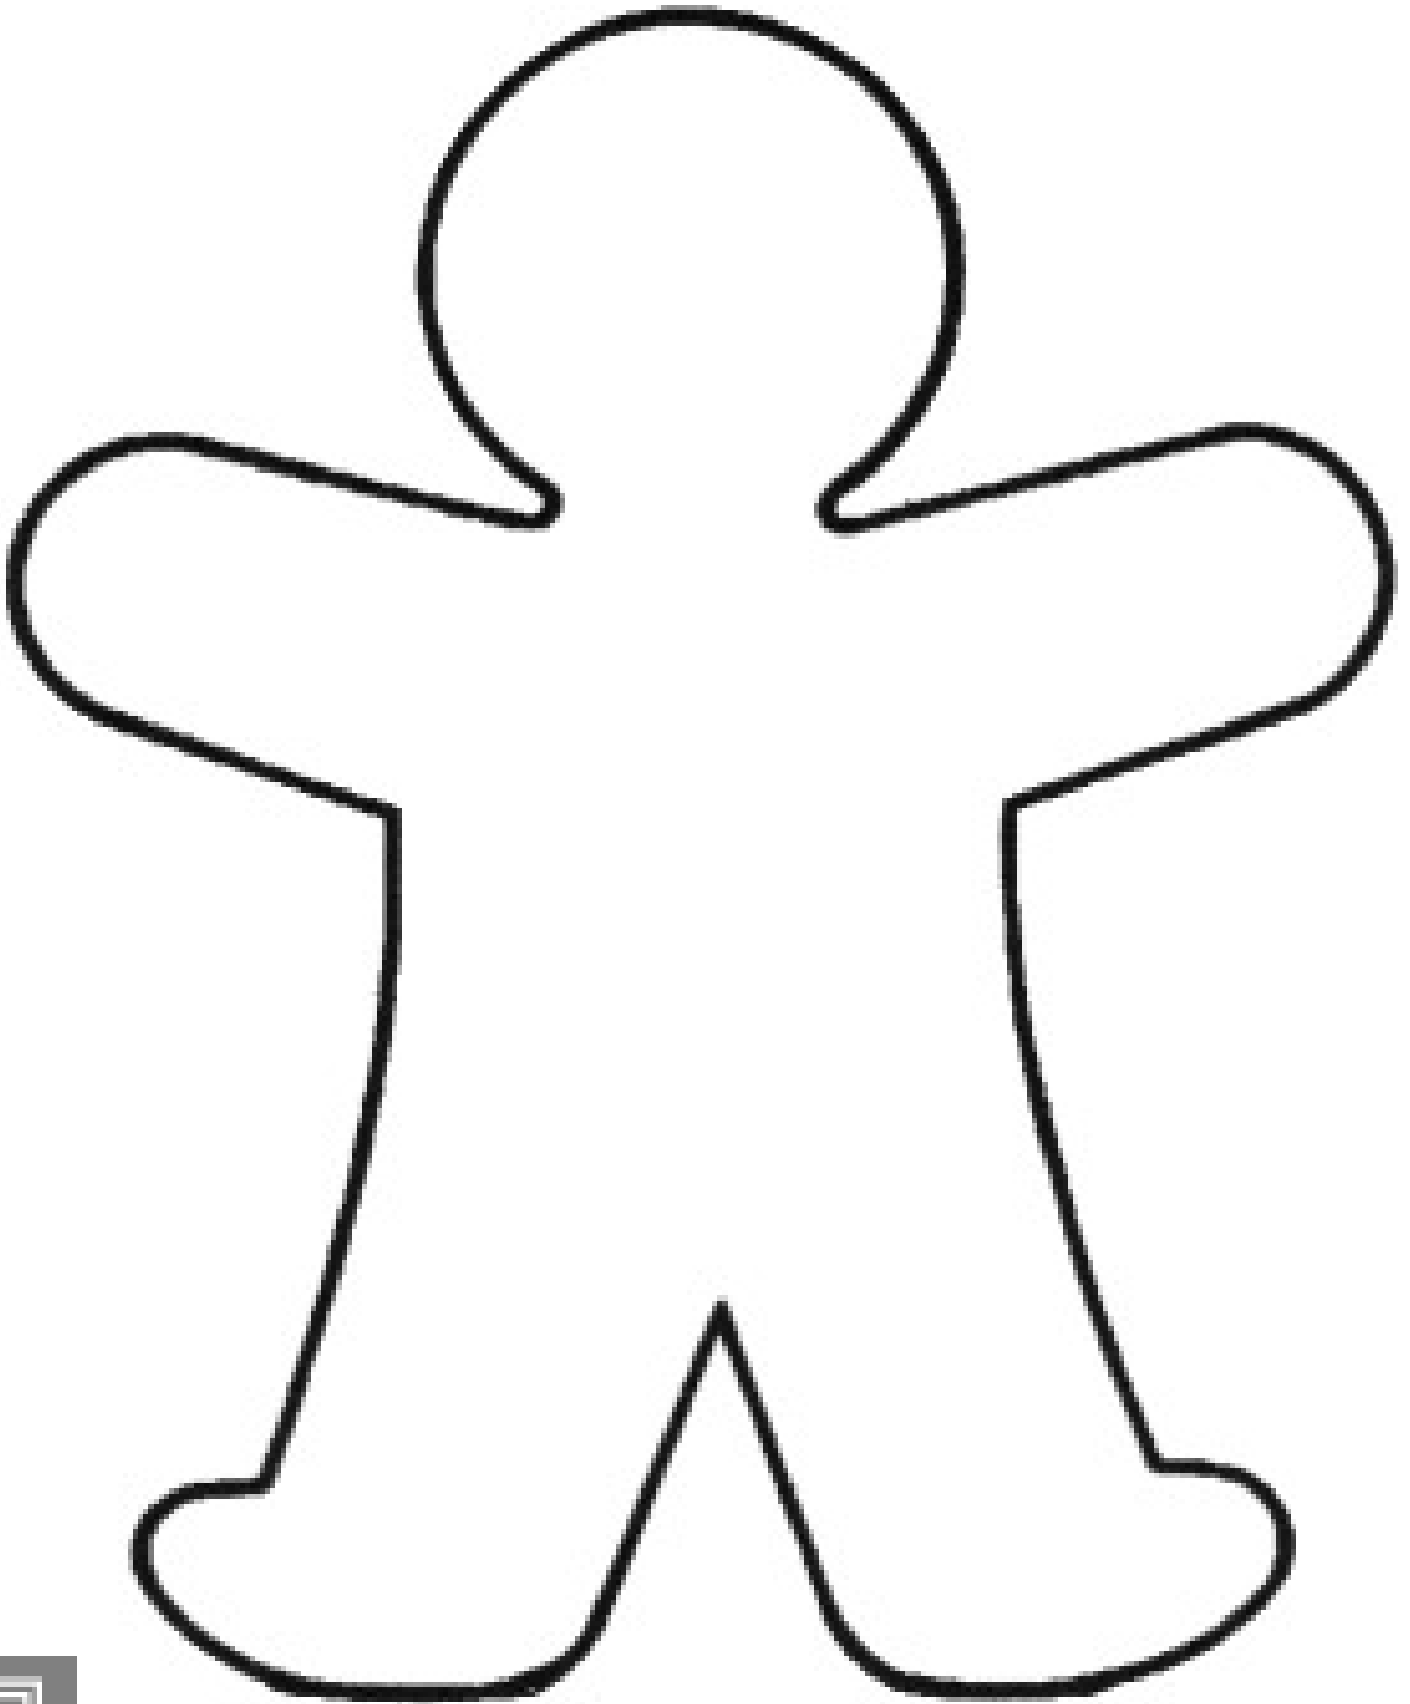

**Reading a book:** Have children to gather to listen and look at the book. Making sure that the reader engages the children by describing what they are seeing and allowing the children to touch the pictures (if they are able to).

**Toy Car Game:** Take cardboard and marker and draw lines like a parking lot on the cardboard. Then number the spaces up to 20. Then take the labels and number them 1 to 20 and then place them on the cars. Demonstrate to the children how to place the car in the correct space and then have the children to repeat the action.

**Mini Me:** (03G-715) Teachers will explain that this week's theme is embracing people and their differences. They will discuss with the children how they are the same, but have characteristics that make them unique. Teachers will cut out and glue template to construction paper. Give each child the template to color. Modifications for infants and younger toddlers: If children are not able to use the crayons place template in Ziploc bag with paint and have them to do painting on the floor. Place their "mini me" around the classroom.

**Adjustments for Children with Special Needs:** Teachers need to make sure that the child is able to see and able to access the activity. Only if child ask or look like they need help will the teacher assist in the activity

**Activity:**

1. Finger Painting
2. Math Activity (Build Duplo Towers)

**Resources and materials needed:**

Finger Painting

- Gallon size Plastic Bag
- Painter's Tape
- Washable Paint
- Glitter/ glitter pens
- White paper with a picture of a circle in the middle of the paper
- Tummy Time Pillow

Math Activity (Build Duplo Towers)

- Duplo Legos
- Poster board
- Markers
- scissors
- Painter's tape

**Procedures:**

**Finger Painting:** Finger paint in a Ziploc baggie is a great sensory activity for little ones, but look at what most consider an activity for babies who can sit up and toddlers and saw a SUPER Tummy Time activity. Grab a Gallon size Ziploc bag and place white paper with triangle and blue and red colorful washable paint into bag. Seal the bag and tape the bag onto the floor. If your baby isn't yet reaching in Tummy Time, you can use a Tummy Time Pillow or nursing pillow under his chest to free his hands for play. You can also try this activity in a high chair if you have an independent sitter. To preserve your little one's artwork, simply cut the edges off the Ziploc bag and then peel off the top of the artwork. Lay flat to dry.

**Build Duplo Towers:** The first step was to put all the numbers in order and then start just putting random amounts of blocks together. Teachers will work with students to count the right way and get the activity completed. Make number cards from poster board and use painter's tape to stick to the table or floor.

Adjustments for Children with Special Needs: Teachers need to make sure that the child is able to see and able to access the activity. Only if child ask or look like they need help will the teacher assist in the activity

(03E-661) Show or describe one example of how you have customized a learning experience, based on your knowledge of a child's skills.

**Activity:**

1. Ball Drop
2. Sugar/ salt writing

**Resources and materials needed:**

Baby Ball Drop:

- Empty wipes container
- Balls

Sugar/ salt writing

- Paper Towels
- Salt or Sugar
- Q-Tips (Toddlers)
- Cookie sheet

**Procedures:**

**Ball Drop:** First step is to thoroughly rinse out your wipes container. It has to be void of all chemicals. Next, cut out the smallest inset pieces of the container. It wasn't too tough to cut off but it did take an ounce of effort and maneuvering. Last, hand the activity to the children with a bunch of balls. Help them count the number of balls in the container. Once the container is full dump it all out and have them to play again. Modifications for non- mobile infants: have the infant on their tummy and roll the ball to the infant to show them how to pass the ball. All the infant to explore the ball.

**Sugar/ Salt Writing:** (03E-661) Allow children to write and scribble in the salt/ sugar with their fingers. Depending on skill level children can use Q-Tips to do this activity. Teachers will demonstrate how to write letters in the sugar/ salt and older toddlers can follow the print.

Adjustments for Children with Special Needs: Teachers need to make sure that the child is able to see and able to access the activity. Only if child ask or look like they need help will the teacher assist in the activity
