

The National Association for the Education of Young Children (NAEYC) Accreditation promotes high quality early childhood education programs for infants– 8 years olds.

All 3 Pride Academy sites are currently accredited through NAEYC. Pride Academy West 1 in November 2023 and Pride Academy North in January 2024 experienced NAEYC recertification where the NAEYC assessor observes the classrooms and the program for the entire day. Pride Academy West received recertification and we are awaiting confirmation of recertification for Pride Academy North. We thank all educators, leadership, administrative staff, and partnerships for supporting our goal to provide best practices for our scholars!
